

# Rustik Glamourstone, Bluu Bar 2008

**NIFL Resin Flooring installs the unique Rustik Glamourstone Stone Carpet to a new Bluu Bar, Birmingham...**

**NIFL Resin Flooring successfully installed 120m<sup>2</sup> of Rustik Glamourstone Stone Carpet, manufactured by Flowcrete, to a Bluu Bar, Birmingham.**

Bluu recently opened on Summer Row on the edge of Birmingham's Jewellery Quarter. The latest addition to the Bluu family, it truly is a bar, brasserie and basement. Drawing on retro, industrial and lived in design touches from its sister venues, Bluu has exploded onto the Birmingham bar scene.

Rustik Glamourstone was specified because its highly unique glossy aggregate and durable finish. NIFL Resin Flooring installed Flowcrete's EP Flexible Membrane to the Marine Plywood in order to provide a flexible base for the Epoxy Stone Carpet, and to prevent any cracking or de-bonding due to substrate movement in the future. The Rustik Glamourstone is a hand mixed and trowel applied screed made up of natural and synthetic aggregates bound in a clear resin.

The Rustik Glamourstone installed by NIFL Resin Flooring complemented 'funky, super sexy basement' in a way no other traditional floor covering could.

NIFL installs Epoxy, Polyurethane and MMA Resin Flooring Systems to Industrial, Commercial and Residential Flooring Systems throughout the UK.
